Call for Scholarship Applications for 2020 at Jomo Kenyatta University of Agriculture and Technology (JKUAT)

**Funded by the German Federal Ministry for
Economic Cooperation and Development (BMZ)**

Application Closing Dates:

Application Closing Date at host institution: 31 January 2020

**Application Closing Date at DAAD Portal (for pre-selected
candidates only): 15 April 2020**

Programme Objectives

The programme aims at fostering strong, internationally oriented higher education systems in Sub-Saharan Africa with the capacity to contribute to sustainable development. To this end, scholarships are granted for development-related Master or doctoral studies for individuals who plan to pursue a career in teaching and / or research at a higher education institution in Sub-Saharan Africa.

By training future academic and professional leaders, the programme contributes to the following **long-term impacts**:

- Qualified professionals' involvement in the solution of development-related problems in Sub-Saharan Africa
- Graduates strengthening education and research in Sub-Saharan Africa
- Structural strengthening and regional networking of partner institutions and partner universities

To achieve these long-term impacts, the following outcomes have been formulated as programme objectives:

Programme objective 1: Graduates have qualified to take over responsible positions in their, or for their, region of origin

Programme objective 2: The participation of women and underprivileged groups is reinforced

Programme objective 3: Organizational, financial and personal capacities of partner institutions are strengthened

As part of the „In-Country/In-Region Scholarship Programme” DAAD offers scholarships for PhD studies. The programme is funded by the German Federal Ministry of Economic Cooperation and Development (BMZ) and aims at university staff in the first line, without neglecting the public sector demand of academically trained personnel.

The target group for scholarships are graduates and postgraduates from Sub-Saharan Africa with a first academic degree if applying for a Master's programme, or with a Master's degree if applying for a doctoral programme who want to pursue Master's or PhD courses in their home country (so called **In-Country scholarships**) or in another Sub-Saharan African country (so called **In-Region scholarships**).

It has been agreed upon that DAAD cooperates with JKUAT by offering **8 In-Country/In-Region scholarships** for PhD studies at **JKUAT** for the intake 2020.

The awarding of scholarships will be subject to the provision of funds.

Application requirements

Applicants

- have successfully completed generally a three-year university degree (Master candidates) or a two-year university degree (doctoral candidates) with above average results (at least: Second Class/Upper Division) (
- clearly show motivation and strong commitment
- have thorough knowledge of the language of instruction
- have completed their last university degree not more than 6 years ago at the time of application
- must be nationals or permanent residents of a Sub-Saharan African country
- should generally be a) staff member of a public or private university, b) candidate considered for teaching or research staff recruitment, c) from the public sector and/or d) Alumni of the DAFI-programme

Female applicants and candidates from less privileged regions or groups are especially encouraged to participate in the programme.

PhD-scholarships are initially granted for one year and can be extended to a maximum of the regular period of study upon receipt of an application for extension. Scholars must demonstrate satisfactory progress before an extension is granted.

Eligible fields

The In-Country/ In-Region Scholarship Programme supports studies in subject areas with strong relevance to national development.

The scholarships at JKUAT are available in the following fields:

- **PhD in Information Technology**
- **PhD in Mechanical Engineering**

Place of tenure

Jomo Kenyatta University of Agriculture and Technology, Kenya

Duration and Commencement

The duration

- of the PhD programme is generally **three years** (regular period of studies)
- generally starting in **September 2020**

Please note

- that the maximum duration of the scholarship will be calculated based on how much time is left until you have reached the regular period of studies in that programme; i.e., if you apply for a DAAD scholarship starting at the beginning in your second year of studies for a three-year programme, the maximum duration of the scholarship will be two years.
- Fees will not be covered proportionally

Application and Selection Procedure

The application process contains multiple steps. Please be aware of the two application deadlines.

Applicants must apply for their studies at JKUAT using the contacts and the method that is prescribed by the institution.

Formal check

JKUAT will screen and check the completeness of the dossier. A plagiarism scan will be done by the institution or DAAD. Additionally, once you submit your application to JKUAT, please send a short notification to DAAD that you have applied with the subject "**Your Surname_First Name_JKUAT**" to applications@daadafrica.org

Selection Committee

A joint selection with a committee of institution members, other partners and a DAAD representative will be set up to review the shortlisted applications and to do the final selection of scholarship holders. The shortlisted candidates will be invited to log into the DAAD Portal and apply for the DAAD scholarship.

DAAD deadline: 15 April 2020
