

A BRIEF HISTORY OF SRI CONFERENCES

The Sustainable Research and Innovation (SRI) Conferences are the successor to the Departmental Annual Seminars which were previously organized by the Department of Mechanical Engineering at JKUAT. The first seminar was held in 1995, under the theme: "The Role of Mechanical Engineering in Changing Industry." Thereafter, seven seminars were held annually until 2001. After a few years' break, the annual seminars resumed in 2006 with the 8th series titled "Sustainable Research in Innovation." In 2010, these Departmental Seminars were scaled to international conferences to run annually organized by the School of Mechanical, Manufacturing and Materials Engineering up to the year 2014. Since then, the SRI conference has been organized and run by the College of Engineering and Technology, JKUAT. The secretariat consists of a team drawn from schools and departments from the college headed by the principal. SRI conferences have offered a platform for researchers and innovators in industry and academia to disseminate their research findings over the years. The conference has continued to grow and gain international profile with submissions and keynote speeches from within and outside the country.

ADVISORY BOARD

The conference enjoys a global list of prestigious academic reviewers drawn from leading international universities who act as the advisory board. These include:

Prof. Eng. B. W. Ikua - JKUAT - Kenya
Prof. G. Nyakoe - JKUAT, Kenya
Prof. S. M. Maranga - JKUAT, Kenya
Prof. Eng. J. M. Kihiu - JKUAT, Kenya
Prof. Eng. S. P. Ng'ang'a - JKUAT, Kenya
Dr. K. K. Kaberere - JKUAT, Kenya
Prof. B. M. Mati - JKUAT, Kenya
Prof. P. N. Kioni - DeKUT, Kenya
Dr. Eng. Karanja Kibicho - ministry of interior
& coordination of national government Kenya
Prof. F. Gatheri - Technical University of Kenya
Prof. G. O. Rading - University of Nairobi, Kenya
Prof. Enrico Sciubba - University of Roma, Italy
Prof. Eiji Tomita - Okayama University, Japan
Prof. Hisataka Tanaka - Tottori University, Japan
Prof. Liu Zuyan - Harbin Institute of Technology P.
R. China
Prof. Krzysztof Badyda - WUT, Poland
Prof. Jaros Milewski - WUT, Poland
Prof. A Beyene - San Diego State University, USA

Organized by the
COLLEGE
OF
ENGINEERING AND TECHNOLOGY,
JOMO KENYATTA UNIVERSITY
OF
AGRICULTURE AND TECHNOLOGY (JKUAT)

2021 SUSTAINABLE RESEARCH AND INNOVATION (SRI) CONFERENCE

**THEME: SUSTAINABLE DEVELOPMENT THROUGH
INNOVATION, TECHNOLOGY AND INDUSTRY
LINKAGE ...**

DATES
6TH-7TH October,
2021 ...

VENUE:
JKUAT MAIN
CAMPUS
and
ONLINE PLATFORM

CALL FOR PAPERS
